Ivan Testov

Researcher / Product designer

test@example.com | +7 (900) 000-00-00 | https://example.com

About

Product researcher and interface designer: interviews, surveys, usability tests, analytics. Working at the intersection of data and aesthetics.

Focus

- UX research: interviews, CJM, JTBD, hypothesis testing
- Prototypes: interactive mockups and design systems
- Analytics: metrics, funnels, A/B tests and reports

Experience

2022-2026 - Independent researcher & designer. Dozens of studies, from landing audits to full product support.
